## IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

### Watonga Did Not Meet Monitoring Requirements

Our water system violated drinking water requirements pertaining to the contaminant(s) of concern listed below. Although none of these violations are considered emergencies, as our customers, you have a right to know what happened and what we are doing, or have done, to correct these violations. Customers are not at risk and there is no reason to suspect any potential adverse health effects. Alternative water supplies are not needed.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the following monitoring periods, we did not monitor or test for the following contaminants, and therefore cannot be sure of the quality of your drinking water during that time:*

<u>Type of Sample(s)</u>	<u>Monitoring Period(s)</u>
NITRATE-NITRITE	10/1/2022 To 12/31/2022
E. COLI	10/13/2021 To 10/27/2021
NITRATE-NITRITE	4/1/2021 To 6/30/2021
NITRATE-NITRITE	4/1/2021 To 6/30/2021

What should I do? no action required.

What happened? What is being done? The test were not taken within the time frame required. The test were performed days outside of the time frame.

We anticipate resolving the problem by this date: Test were taken shortly after the dates, therefore it has been resumed.

For more information, please contact Warren Rice at 580-623-7353  
or 410 N. Main St. Watonga, OK 73772 Phone Number

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*
